

Terms & Conditions for Beyond Fertility Practitioner mentoring program

Access

The 6 week Beyond Fertility Practitioner mentoring Program will be accessed through the following:

- 6 x 60-75 minute webinars delivered via google drive weekly commencing 14 September and together each Monday with a Facebook live. Zooms may be added if required and links will be sent prior to commencing. Each Webinar is recorded and the Facebook lives will also be recorded and placed in the Facebook group for future review as needed.
- Facebook support group – access will be granted at the start of the Program.
- Access to the Facebook support group begins 13th September.

Access to all aspects of the Beyond fertility practitioner mentoring Program (webinars, Facebook group and support) will be forfeited if payments on a payment plan are not received prior to the date of each webinar. This is at the discretion of Tracy Gaibisso

Payment

If payment is to be made by payment plan, the 3 payments will be taken by Paypal. If payment fails, your access to the Beyond Fertility Practitioner mentoring Program will be cancelled. You will be removed from the Facebook group until payment is made and will not have access to any literature related to that module.

Refunds are not available unless under exceptional circumstances and will be at the discretion of Tracy Gaibisso

Expectations

Upon commencement of the Beyond Fertility Practitioner mentoring Program, the expectations are:

- You will have prior knowledge of nutrition and basic reproductive physiology
- As there is a lot of information to get through if you are unable to view the webinars you will need to catch up before the following week so that time is not allocated reviewing previous information given.
- You are respectful to all other participants as they may have different perceptions and backgrounds or understandings especially with any questions asked.

Confidentiality

All information that is shared is from Tracy Gaibisso's Clinical experience and previous education from her mentors/teachers alongside current reproductive research. Like anything we are only as good as the people that taught us and Tracy would like to acknowledge the information taught and shared to her over the years by her amazing teachers, Francesca Naish, Melanie Koeman and Angela Hywood. As you have invested in payment for this course, sharing in detail resources with colleagues who have not attended the program devalues your commitment to investing in your education.
